Main Menu

- 1 – Schedule Inspection
- 2 – Cancel Inspection
- 3 – Obtain Inspection Results

1 – Schedule Inspection

- Enter 10 digit application number (ex. 04-50009999), followed by # OR
- For sub permit press 1 followed by #, then enter sub permit number (phone access code) followed by #
- IF using application number, and if more than 1 sub-permit exists for the application, wait for the recording to prompt you for the permit you are scheduling an inspection for
 - For example, you may have a Notification Permit, Land Use Permit and a Manufactured home Permit all on the same application number
- Once you select the sub-permit, enter the 3 digit inspection code for the inspection you wish to schedule
 - Sequence Number – Any inspections with a sequence number of '10' must be approved before an inspection with a sequence number of '20', '30' or '40' can be scheduled. Any inspections with the same sequence number can be scheduled at the same time.
- Select the day you would like to schedule the inspection (the recording will let you choose one of the next five business days)
- The recording will give you an option to leave a message for the inspector (press 1) or continue without leaving a message (press 2)
- Please note the Confirmation number given at the end of the recording for proof of request
