

Harnett County Residents:

The 2000 US Census Bureau reports an estimated 1.5 million of North Carolina's residents have some type of disability.

The 2009 Session of the North Carolina General Assembly authorized the North Carolina Division of Emergency Management to develop a voluntary special needs registry for use by counties and municipalities. By participating in this registry, you can improve your safety. We believe that this registry will assist us in special needs planning at both the local and state level.

We are excited about the opportunity to extend a chance for our residents to improve their personal preparedness. We hope that you will take advantage of this opportunity by completing this information. Please register if you require additional assistance during a time of disaster.

Please note that participation in this registry is strictly voluntary and records are kept confidential.

To register, please complete the information on the attached **Special Medical Needs Registry Application** as well as the **Conditions and Authorization to Release Information, Including Protected Health Information** form and submit it to Harnett County Emergency Management.

Thank you for your partnership in making Harnett County a safer place.

Sincerely,

Gary Pope
Director, Harnett County
Emergency Services
