

Opioid Task Force Strategic Plan

The Harnett County Opioid Task Force presented the Opioid Task Force Strategic Plan at the Board of Commissioners Work Session Meeting on Tuesday, September 12.

You can view the presentation on our Harnett County [YouTube](#) or view the full draft document [here](#).

At the Board of Commissioners meeting on Monday, September 18 at 6 p.m., there will be a Public Input session for the proposed Opioid Task Force Strategic Plan. The meeting will take place in the Commissioners Meeting Room, Harnett County Resource Center and Library, 455 McKinney Parkway, Lillington, North Carolina.

Join us, we would like to hear your thoughts or suggestions.

We will

SOLVE

this together.

S **tigma is reduced.** We commit to addressing life-threatening community stigma that acts as a barrier to treatment & recovery.

O **wnership is shared.** We commit to addressing this epidemic collectively and using all of our resources and all of our systems to care for all of our people.

L **earning is continuous.** We commit to ongoing work to understand best practices, to learn from latest research, and to evaluate our own efforts.

V **alues are foundational.** We commit to cultivating responses rooted in the shared values of our community, including faith-based groups.

E **quity is centered.** We commit to comprehensive action that works to ensure the needs of all groups within our community are being addressed.

MAIN GOALS OF PROPOSED STRATEGIC PLAN

- 1**

Prevent harmful substance use

 - 1.1 Targeted support for at-risk youth and families
 - 1.2 Leverage peer support networks and community advocacy
 - 1.3 Engage faith communities in education and stigma reduction
- 2**

Support treatment and recovery

 - 2.1 Adopt treatment models for justice-involved individuals
 - 2.2 Enhance healthcare networks to improve continuum of care
 - 2.3 Develop community supports for recovery
- 3**

Reduce harm

 - 3.1 Universal access to naloxone
 - 3.2 Improve health and safety for individuals who use substances
 - 3.3 Eliminate accidental exposures to drugs and paraphernalia
