Follow these at-home care tips to help prevent cavities and decay:

- Brush and floss correctly at least two times a day.
- Eat a balanced diet with plenty of fruits and vegetables. • Limit the number of sugary snacks you eat.

 - If you chew gum, chew a sugarless variety. • Use mouth rinses to reduce plaque.

Quality care for patients of all ages, in all stages of life.

We understand the importance of finding the right provider to care for your family. Our network of providers manages a wide array of medical conditions — whether it's an unexpected injury, a chronic illness or preventive care.

Our providers focus on building strong, lasting relationships. We value open communication and encourage you to take an active role in maintaining a healthy lifestyle.

To find a provider near you, call 800.483.6385 CentralCarolinaHospital.com

Leading you to better heart health.

When our neighbors need life-saving heart care, they turn to the local experts at Central Carolina Hospital. We are fully accredited by the American College of Cardiology for heart failure and chest pain, and we treat a wide range of complex heart conditions, including heart disease. As a part of Duke LifePoint Healthcare, we have a wealth of expertise and resources to strengthen the already excellent quality of care our hospital delivers. We're not just experts in health care. We're experts in your heart.

How healthy is your heart?

Take our free heart health risk assessment at CentralCarolinaHeart.com or call to schedule an appointment at 855.291.2273.
