

Harnett County Health Department

3rd COVID-19 Dose

The Centers for Disease Control and Prevention is recommending that people who are immunocompromised get a third shot of either the Pfizer-BioNTech or Moderna vaccine.

The Health Department is currently making appointments for third (3rd) COVID-19 vaccine for persons who are **Immunocompromised**.

- To see if you qualify please visit www.cdc.gov

We will begin scheduling 3rd dose appointments for the general public starting **September 20, 2021**.
