HARNETT COUNTY CHILD CARE CENTER PLAN REVIEW APPLICATION

* The application will be reviewed using 15A NCAC 18A .2800 “Rules Governing the Sanitation of Child Care Facilities.”

Plans must be submitted and approved prior to construction, renovation, modification, or upon the change of ownership of such facilities. Submit plans to the Harnett County Central Permitting Office located at 108 East Front St., Lillington, NC 27546 or by mail at PO Box 65, Lillington, NC 27546. You may contact the Central Permitting Office at 910-893-7525, Ext. 2. If you have questions regarding this application, contact one of the following people listed below at 910-893-7547.

Gale Violette Greene, RS
Food and Lodging Program Specialist

Jamie Turlington, RS
Environmental Health Specialist

Cindy Pierce, RS
Environmental Health Specialist

In addition, please complete the following information to identify the child care facility and who to contact about questions regarding the review of this establishment:

_____ NEW  _____ REMODEL  ____ CONVERSION/ADDITION

NAME OF CHILD CARE CENTER: ________________________________

CHILD CARE CENTER’S ADDRESS: ______________________________

PHONE: ___________________________ FAX: ___________________________

NAME OF OWNER: ________________________________

MAILING ADDRESS: ________________________________

PHONE: ___________________________ EMAIL: ___________________________
APPLICANT'S NAME: ______________________________

MAILING ADDRESS: ______________________________________________________

PHONE: ______________________________ EMAIL: ___________________________

TITLE (MANAGER, ARCHITECT, DIRECTOR): ________________________________

NUMBER OF CHILDREN FOR WHICH FACILITY WILL BE LICENSED: __________

If this is a remodel or a change of ownership, what is the age of the building? __________

Main Food Service

Meals prepared on site or catered meals? (With catered meals you are still required to have the minimum requirements in the kitchen) ______________________________________

Where will the children eat meals? (Family style, tables in classrooms, dining area, etc…)
______________________________________________________________________________

Will multi-use utensils, silverware, sippy cups, etc… be used or disposable utensils? _____________________________________________________________________

Can the kitchen door be locked? Is there a barrier to keep children out of the kitchen? ________________________________________________________________

Please list all equipment to be used in the kitchen and include specification sheets: __________
______________________________________________________________________________
______________________________________________________________________________

Do you have a thermometer available to monitor food temperatures? ____________ Do you have thermometers in the refrigerators? ________________

Will leftovers be served? ______ Will meals be prepared 12 or more hours in advance? _______

Infant Food Service

Will bottles be stored, prepared, warmed, served, etc… in the infant room or in the kitchen? ________________________________________________________________

Describe your procedures for handling breast milk: ________________________________
______________________________________________________________________________

Does the infant room have countertop space for warming bottles? ________________

What method will be used to warm bottles? ______________________________________
Is there a refrigerator for bottle storage? __________ Is there a thermometer? __________

Is there a separate sink used exclusively for bottle/food preparation? ________________

**Diaper Changing**

Are diaper changing stations in each age appropriate room? ____________________________

Where will diaper changing supplies be kept? _________________________________________

Is there a dirty diaper receptacle with a lid? _________________________________________

Can the caregiver view the children while changing diapers? __________________________

Where and how will soapy water, sanitizers and disinfectants be stored?
______________________________________________________________________________
______________________________________________________________________________

Is there a separate hand wash lavatory used exclusively for diaper changing hand washing?
______________________________________________________________________________

Are diaper changing signs provided? ________________________________________________

**Cubbies and Storage**

How and where will cubbies be arranged? _____________________________________________
______________________________________________________________________________

Are coat hooks spaced at least 12” apart? __________________________________________

Is all storage in all closets stored off floor (recommend 12”) to facilitate cleaning? ______

Will toothbrushes be used at the center? _______ Will they be labeled? _____________

**Beds, Cots, Mats, Cribs, and Linens**

Will cribs have the capability of being spaced 18” apart while in use? (if not, crib dividers and partitions are acceptable) __________________________________________

How and where will cots and/or mats be stored? _____________________________________

Where will crib, cot, and mat sheets be stored? ______________________________________

Where is there a designated sick area with cot/mat? _________________________________

Is linen being provided by the center or the parents? ________________________________

How often will infant sheets be changed? __________________________________________

How often will sheets be laundered? ________________________________________________
Cleaning, Sanitizing and Disinfecting

Is all furniture in the center of a smooth, washable finish? ________________________________

How will toys in infant and toddler rooms be washed and sanitized? Where? How often?
______________________________________________________________________________
______________________________________________________________________________

Please explain what type of sanitizer will be used to sanitize toys, food areas, furniture, etc.:
______________________________________________________________________________

Please explain what type of disinfectant will be used to sanitize toilets, lavatories and diaper changing tables: ______________________________________________________________

Do you have appropriate test strips for the types of sanitizer and disinfectant you are using?
________________________________ 

Where is the can wash facility for cleaning trash cans, dumping mop water, etc…?
______________________________________________________________________________

Will water play centers be used? __________________

Hand wash lavatories

Does each toilet area have a hand wash lavatory? ________________________________

Does the diaper changing station have a hand wash lavatory exclusively for diaper changing?
______________________________________________________________________________

Does the food service area in the infant and toddler room have a lavatory exclusively for food service? __________________________________________________________________

Does the kitchen have a hand sink that is separate from the 2 or 3 compartment sink for hand washing only? ________________________________

What types of faucets are at all hand wash lavatories (please note that metering type is not allowed unless they can retain warm water for at least 20 seconds at the first pressing):
______________________________________________________________________________

Are handwashing signs provided? ________________________________

Locked Items

Please indicate where the following type of locked items will be stored and what type of lock:

Medicines (both refrigerated and non refrigerated)
Cleaning supplies and all types of chemicals

Personal belongings (purses, keys, employee items)

Aerosols and all other toxic products

Mildly Ill Children

Will you be licensed to care for mildly ill children pursuant to 10A NCAC 09 .2400? 
Please include your protocols for this type of care.

Water Supply

Is the child care center on a well or provided with county water? 

Sewage Disposal

Is disposal through an onsite septic system or county sewer? 
Grease trap provided?

Hot Water Supply

The kitchen hot water temperature will need to be a minimum of 120 degrees Fahrenheit. All other sinks that are accessible to children and the can wash facility must be maintained between 80-110°Fahrenheit. Using two separate water heaters may be the best option since it is often difficult to obtain two separate temperatures with one water heater. Mixing valves installed on sinks have a high failure rate and are not very dependable.

Explain what the specifications of your water heater(s) are. (For example, if you are using two water heaters, indicate which one is for the kitchen and which one if for the classrooms). It is recommended that the minimum water heater size be 50 gallons.

Tank Manufacturer and Model # 
Storage tank size__________ GPH recovery__________ Additional tank size__________

Lighting

Do all light fixtures have shatterproof or shielded bulbs?

Will lighting illuminate 50 ft. candles at all work areas? 
and 10 ft. candles at all other areas, including storage closets?

Finishes

Please describe the finishes/construction material in the following areas:

*Wall to wall carpets must be cleaned at least every six months

**Animals**

What type of animals will be on the premises? ____________________________________________

**Outside premises**

Please describe the playground area (size, type of play equipment, type of fence, water activities, etc…) ________________________________________________________________

_____________________________________________________________________________

Is there chromated copper arsenate (CCA) pressure-treated wood in the play ground area?

_____________________________________________________________________________

What methods will you use to make this inaccessible to the children? ______________________

______________________________________________________________________________

Is the can wash facility located outside? _____________________________________________

If yes, is there a fence and lock around it so it is not accessible to children? ______________

Is the HVAC, mechanical equipment, etc… locked with a fence around it so it is not accessible to children? ________________________________________________________________

Attach additional sheets if necessary.
