

Abandoned Manufactured – Home Project Initiative

Project AMPI was started to aide county residents with the destruction and removal of abandoned manufactured homes on private property. We are proud to say that this is one of just a handful of programs of this kind in the state.

Eligibility

Everyone is eligible, aside from the following exceptions. Only one home per lot is permitted in the program. Homes in manufactured home parks are not eligible for this program. Homes that have sustained any fire damage are not eligible for this program.

Harnett County will arrange for the demolition and removal of the home from your property. Harnett County will pay the demolition contractor all fees for complete removal of the abandoned manufactured home. The contractor will remove the home and all associated debris that may result from the demolition process.

The property owner pays an upfront participation fee that will be credited toward the tipping fees of an allotted amount. After demolition, if the tipping fees exceed the allotted amount, the owner pays the remaining fees. Tipping fees are based on the current disposal fees that are charged by the Harnett County Landfills to receive such debris.

by email or by phone
at (910) 893-7525
option 4.

As of November 15, 2004, Abandoned Manufactured Homes are a violation of the Harnett County Zoning Ordinance. Project AMPI will assist residents in the removal of the abandoned homes and the possible risk of receiving a violation notice.

This is a temporarily funded program. Applications are accepted based on funding availability.

If you are interested in participating in this program, please complete and return an AMPI Application to the Planning Department at PO Box 65, 108 E. Front Street, Lillington, NC 27546
