NATALIE PUSSEY NAMED REGIONAL JETPORT DIRECTOR

Harnett County Manager Brent Trout announced Natalie Pusser as the new Harnett Regional Jetport Director.

"I am excited to have Natalie Pusser join our team as Jetport Director," stated Trout. "She works hard at providing great customer service to our pilots and visitors at our Jetport and has performed well as the Manager of Operations during the interim period since the County took over airport operations. Natalie has the passion to take the necessary steps to see this airport continue to improve and grow in the future for Harnett County."

Pusser has nearly a decade of experience in aviation management. Since 2003, she has held various positions at the Harnett Regional Jetport, serving as the Office Manager, FBO Manager, and most recently, the Operations Manager.

Pusser will be responsible for directing the County's airport operations, monitoring and implementing safety procedures, serving as the liaison for airport projects and grant funding opportunities, promoting economic development and business expansion at the airport, and ensuring Harnett Regional Jetport adheres to county, state, and federal guidelines.

OPERATION GREEN LIGHT

In advance of the upcoming Veterans Day holiday, Harnett County announced that the County Courthouse and Resource Center & Library would be illuminated green November 7th through the 13th as part of Operation Green Light, a new national collaborative initiative of the National Association of Counties (NACo) to support military veterans, as well as raise awareness about the unique challenges faced by many veterans and the resources that are available at the county, state, and federal level to assist veterans and their families.

The new national collaborative is spearheaded by the National Association of Counties and the National Association of County Veteran Service Officers, building upon the successful efforts of the New York State Association of Counties and the NYS County Veteran Service Officers' Association in 2021.

By shining a green light, we let our veterans know that they are seen, appreciated, and supported. While this event is focused around the week of Veterans Day (November 7th -13th), participants are encouraged to continue shining the light year-round. Residents can share their participation on social media using the hashtag #OperationGreenLight.

Visit naco.org/operationgreenlight for more information and links to resources available to veterans.

2022 FARM CITY WEEK

Pathways to the Future

As with many industries, agriculture is always changing. From the crops we grow, to how we grow them, agriculture is constantly adapting to better meet the needs of the states, countries, and local communities it supports. In Harnett County, farmers are identifying new crops to grow, adding in new crops to their current lineup, and exploring new ways of engaging new communities. Agriculture is still the primary economic driver of both North Carolina and

Harnett County and what better way to celebrate this than to check out this year's Farm-City Week! Our theme this year is Pathways to the Future as we take a look at how technology can transform a farm, what it means to diversify an operation, and how we look toward growing a stronger future.

Help us celebrate what it means to be forward thinking at this year's event! This year, join us on November 14-17 as we enjoy farm tours, a tractor driving contest, and farm-fresh breakfast. We

invite you to attend our annual Farm-City Banquet where we will honor our Farm Family of the Year, Female Agriculturalist of the Year, Friend of the Farmer, and Innovative Farmer of the Year. We hope to see you there!
