Fiscal Year 2022-2023 Recommended Budget

At the May 16 Harnett County Board of Commissioners meeting, County Manager Brent Trout presented the budget message and Recommended Budget for Fiscal Year 2023.

Harnett County prepares the annual budget in accordance with the statutory requirements with consideration of enhancing the quality of life for our residents," stated County Manager Brent Trout. "The budget has been prepared with the purpose of supporting the strategic goals and priorities of the County Commissioners. You will see this specifically in the items we are recommending for consideration in the expansion budget."

The County's Annual Budget estimates the total value of resources required to perform County operations and support citizen needs. It also sets tax rates and fee schedules for the Fiscal Year.

The main funding sources that support our County budget come from local-generated revenues, such as property and sales tax. As part of the Fiscal Year 2023 Budget, the County's recent property reappraisal provided data on the anticipated revenue we would receive based on the new property assessments.

Harnett County Board of Commissioners will hold a public hearing on Monday, June 6 at 9:00 AM at the Harnett County Resource Center & Library, located at 455 McKinney Parkway in Lillington.

Commissioners are scheduled to approve the Fiscal Year 2023 budget at their June 20 regular meeting.

Interested individuals can view a highlight video of the Fiscal Year 2023 Recommended Budget by visiting the [Harnett County Government Youtube Channel](#) OR By clicking the laptop pictured to the left!

A full version of the recommended budget can also be viewed at harnett.org/budget.

For more information on Harnett County's budget process, contact the County Manager's Office at 910-893-7555.

VOLUNTEER OPPORTUNITIES

Mid-Carolina Area Agency on Aging

The Mid-Carolina Area Agency on Aging is looking for an individual volunteer to represent Harnett County on their Regional Aging Advisory Council (AAC). The individual must be age 16 or better and have an interest and concern for the aging population. The purpose of the regional AAC is to assist the Area Agency on Aging (AAA) staff to provide direction for programming and services for the population aged 60+ in Region M (Cumberland, Harnett & Sampson Counties). They will be expected to attend quarterly meetings, advise AAA on matters relating to our area plan, to review and comment on community policies, programs and actions which affect older persons. Meetings are generally held the first Tuesday of March, June, September and December at 2 PM.

Any interested individuals can contact Tracy Honeycutt at thoneycutt@mccog.org or by phone at 910-323-4191 ext. 27.

Elderly Nutrition Program

The Harnett County Division on Aging offers an opportunity for individuals to deliver meals to our elderly homebound citizens. For more information on this program, visit:

BLOOD DRIVE INFORMATION

A MESSAGE FROM LEEANN BLACKMON:

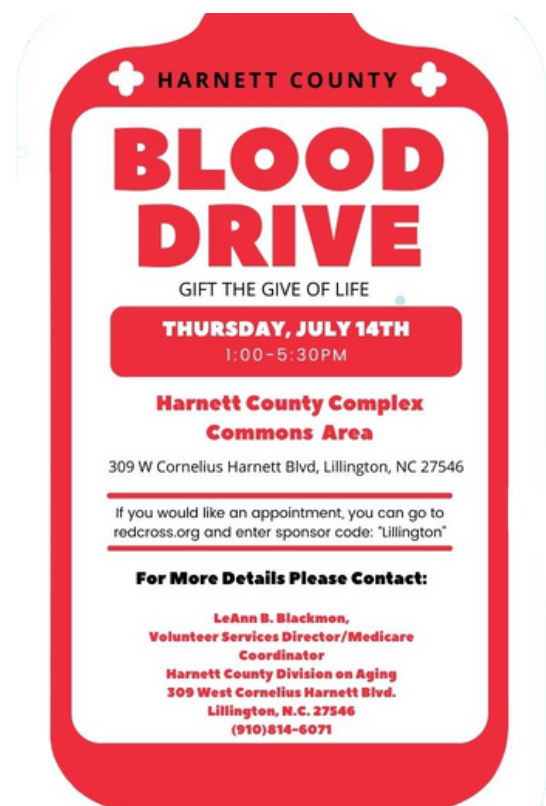

The Blood Drive on May 18th, 2022 held at the Harnett County Resource Center/Library yielded 38 units of blood which has the capacity to save 114 lives. There were 11 deferrals this time, many for low iron. We had seven walk-ins and did not have to turn any of them away.

It's great to work and live in a county that truly appreciates and takes into consideration what is needed and wanted in our communities. As always, thank you for your support of the services and programs offered through the Harnett County Division on Aging.

A huge thanks to our awesome volunteers for keeping registration moving smoothly, preparing and serving snacks in the canteen and for assisting with making appointments for our July 14 Blood Drive where we will be back in the Commons Area and serving HOMEMADE ICE CREAM in the Canteen.

A second blood drive will be held on July 14th, 2022. To register, please contact:

FREE AT-HOME TEST KITS

Every home in the U.S. is eligible to order a third round of free at-home COVID-19 tests. The tests are completely free. The tests will be rapid antigen at-home tests, and you will receive results within 30 minutes (no lab drop-off required). Order your tests at www.covidtests.gov.

VACCINE & BOOSTER SHOTS

The Health Department is providing the Pfizer COVID-19 vaccine for ages 5 and older. The COVID-19 vaccines are free of charge to all individuals, regardless of immigration or health insurance status. If you would like to make an appointment, complete the [COVID-19 Vaccine Inquiry Form](#) or call the Health Department at 910-814-6582. All vaccinations will be administered by appointment. The Health Department is located within the Governmental Complex at 307 W. Cornelius Harnett Blvd in Lillington.

Needing your booster shot? COVID-19 vaccine boosters can further enhance or restore protection that might have decreased over time after your primary series vaccination. Staying up to date with your COVID-19 vaccines will provide you with the best protection against the COVID-19 virus. Anyone ages 5 and older should receive a single COVID-19 booster. Certain individuals may receive two COVID-19 boosters. Adults may receive any brand of the COVID-19 vaccine for their booster, while children 5 to 17 can only receive Pfizer. NCDHHS encourages individuals to speak with a doctor, nurse or pharmacist if they have questions about what booster is right for them. Timing of your first booster is dependent on your primary series and your medical history. Please call to inquire about scheduling your booster dose at the correct interval. For more information on who can receive a booster, [click here](#). To make an appointment, call our office at 910-814-6582 or complete the [COVID-19 Vaccine Inquiry Form](#).

HUMAN RESOURCES CORNER

PROTECT YOUR SKIN & RAISE AWARENESS FOR SUN SAFETY

Most skin cancers are a result of exposure to the UV rays in sunlight. Without protection, the sun's UV rays can damage your skin in as little as 15 minutes. Reducing your exposure can help keep your skin healthy and lower your risk of getting skin cancer.

It's a fact: Skin cancer affects people of all colors. Melanoma does occur across all races. Sunburn is a type of skin damage caused by the sun. Any color change is a sign of skin damage in any skin type.

Protection from UV rays is important all year, not just during the summer. There are small steps that you can take to practice sun safety. Tips to help make sure you and your family stay sun-safe:

- Limiting your time in the sun, especially between 10 a.m. and 4 p.m., when the sun's rays are most intense. Stay in the shade especially during late morning through mid-afternoon. Wearing clothing to cover skin exposed to the sun, such as long-sleeve shirts, pants, sunglasses, and broad-brim hats.
- Using broad spectrum sunscreens with a SPF value of 15 or higher regularly. Sunscreen wears off. Reapply sunscreen at least every 2 hours and after swimming, sweating, or toweling off.
- Avoid getting a sun burn or tan. A suntan is a sign that the skin has been harmed.

Early detection and recognition of skin cancer are very important. Skin cancer can happen to anyone, at any age, on any part of the body. See your physician and report any unusual moles or changes in your skin. When caught early, skin cancer is highly treatable.
